by **credit card:** at website **www.engravedglass.cz** in section Applications.

(Include your name and surname or company name in the message for the recipient.)

## WORKSHOP CONTENT

**ENGRAVING** – After familiarizing yourself with the safety rules, you will learn how to draw the décor onto the glass and how to use the engraving machine and the wheel to create basic cuts, motives and ideas. You will take home a self-made glass plate as a gift.

Instructor: Jaroslav Šára / Pavel Vydra / Věra Mauricová

**CUTTING** – After familiarizing yourself with the safety rules, you will learn how to draw the décor onto the glass and how to use the cutting machine and the wheels to create basic cuts, motives and ideas. You will take home a self-made glass plate as an original gift.

Instructor: Klára Horáčková / Libor Novotný

**SANDBLASTING** – After familiarizing yourself with the safety rules, you will learn how to draw the décor onto the glass and how to use the masking template to create your own motives and ideas that you will later produce with blasting sand on a surface of a glass plate that you can take home as an original gift.

Instructor: Jaroslava Votrubová / Věra Mauricová

**DRAWING** – With natural charcoal, you will capture the look of a live model under the supervision and advice of a great lecturer. You will try to transfer the spatial body to surface, capturing its shape, color, expression, and atmosphere.

Instructor: Libor Novotný

**SCULPTING** – You will create a bizarre head from modeling clay. Each part of the process will be documented on your mobile and at the end you will organize a short video that you can share both with us and on social networks.

Instructor: Jaroslav Chramosta

The organizer reserves the right to organizational changes and timetable adjustments according to current needs. Current information will be available on Facebook and the organizer's website.
